## Charmany Dairy Herd Newsletter

FAPM  
Madison, WI – It was confirmed Thursday morning by Dr. Bill Goodger that the Christmas season had arrived. The cows were overheard exchanging “Season’s Greetings” with one another while milling about the yard. “Aside from my reproductive failure, I’ve been

very good this year,” Red was telling Swoosh. Swoosh was seen consoling her friend and wishing her the best of luck with her next attempt. Several herdmates will be missed this year after serving their best. That list includes Danna, Spookie, Andrea, Jenny, Pearl, Sweetlu, Sally, Serenna, and Deanna.

New arrivals will help celebrate the Holiday Season, and some mothers and daughters will be reunited. “Every one of the cows wishes you a very special Holiday Season!” says Dr. Goodger.
